I SECURE CREDIT & CAPITAL SERVICES LIMITED
(Formerly known as Orchid Securities Limited)

January 13, 2021 issued by the Ministry of Corporate Affairs (hereinafter collectively referred to as "MCA Circulars") (collectively "MCA Circulars") and Securities and Exchange Board of India ("SEBI") vide its circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and circular no. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 (hereinafter referred to as "SEBI Circulars") (collectively "SEBI Circulars"), physical attendance of the Members to the Annual General Meeting (AGM) venue is not required and have permitted companies to conduct AGM through Video Conferencing (VC) or Other Audio Visual Means (OAVM) subject to compliance of various conditions mentioned therein. In compliance with the aforesaid MCA Circulars and SEBI Circulars and the applicable provisions of Companies Act, 2013 and rules made thereunder, and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the 28th AGM of the Company is being convened and conducted through Video Conferencing (VC) or Other Audio Visual Means (OAVM). Hence, Members can attend and participate in the ensuing AGM through Video Conferencing (VC) or Other Audio Visual Means (OAVM).

2. The Company has enabled the Members to participate at the 28th AGM through Video Conferencing (VC) or Other Audio Visual Means (OAVM) facility. The instructions for participation by Members are given in the subsequent pages. Participation at the AGM through Video Conferencing (VC) or Other Audio Visual Means (OAVM) shall be allowed on a first-come-first-served basis.
3. The Register of Members and the Share Transfer books of the Company will remain closed from **Monday, September 06, 2021 to Tuesday, September 07, 2021** (both days inclusive) for the purpose of ensuing AGM of the Company.
4. The relevant Explanatory Statement pursuant to Section 102 of Act, setting out material facts in respect of businesses under item of the Notice, is annexed hereto.
5. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
6. Institutional / Corporate Shareholders (i.e., other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution / Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution / Authorization shall be sent to the Scrutinizer by email through its registered email address to pandeysk2004@yahoo.co.in with a copy marked to evoting@nsdl.co.in
7. In compliance with the MCA Circulars and SEBI Circulars, Notice of the AGM along with the Annual Report 2020-21 is being sent only through electronic mode to those Members

I SECURE CREDIT & CAPITAL SERVICES LIMITED
(Formerly known as Orchid Securities Limited)

TRANSFER TO RESERVE FUND:

No amount has been transferred to Statutory Reserve as required by Section 45IC of the Reserve Bank of India Act, 1934 for Non-Banking Financial Companies as there is no profit during the year.

OPERATIONS/ STATE OF COMPANIES AFFAIRS:

The Loss before tax during the year is ₹ (96.57) Lakhs against loss before tax ₹ (11.97) Lakhs in previous year. The Loss after tax is ₹. (96.57) Lakhs against loss of ₹ (11.97) Lakhs. Due to change in the management of the Company, which took nearly 7 months for regulatory approval, hence Company could not pursue its business activities rigorously. Moreover, due to COVID – 19, market collapsed; hence there was erosion in the market value of its investments. The Company has started corporate office at Vadodara with full-fledged staff and infrastructure, the loss is mainly on account of administrative expenses & salary to management and staff. The Company expects to commence its business operations in full swing, however second lockdown has put a brake on it.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY OCCURRED DURING THE FINANCIAL YEAR:

There has been no material change and commitment affecting the financial performance of the Company which occurred between the end of the Financial Year of the Company to which the financial statements relate and the date of this Report.

MATERIALS ORDERS PASSED BY THE REGULATORS OF COURTS OR TRIBUNALS IMPACTING THE COMPANY'S OPERATION IN FUTURE:

No such material order has been passed by the Regulators or Court or Tribunals having adverse effect on the operation of the Company in future.

EFFECTS OF COVID -19 ON THE BUSINESS OF THE COMPANY

The COVID-19 pandemic and the long-drawn lock-down has resulted in a significant decrease in the economic activities globally as well as across our country. The extent of impact of COVID-19 on economic growth of the country is difficult to predict and will mainly depend on the future developments in containment of COVID-19 and the actions taken for resumption of operations, which is highly uncertain.

During this unprecedented year, we continued to prioritize the health and wellbeing of our employees through multiple safety measures. We have ensured continuation of services of all employees, allowed them to work from home whenever required, kept their personal revenue stream flowing without any interruption and ensured that their morale was kept high.

I SECURE CREDIT & CAPITAL SERVICES LIMITED
(Formerly known as Orchid Securities Limited)

The impact of COVID-19 on the economy continues to be uncertain and the extent, to which the ongoing COVID-19 pandemic will impact the Company's financial performance including the Company's estimates of impairment of loans, is dependent on such future developments, the severity and duration of the pandemic, which cannot be predicted with any degree of certainty.

INDUSTRY STRUCTURE:

Non-banking financial companies (NBFCs) form an integral part of the Indian financial system. They play an important role in nation building and financial inclusion by complementing the banking sector in reaching out credit to the unbanked segments of society, especially to the micro, small and medium enterprises (MSMEs), which form the cradle of entrepreneurship and innovation. NBFCs ground-level understanding of their customers profile and their credit needs give them an edge, as does their ability to innovate and customize products as per their client's needs. This makes them the perfect conduit for delivering credit to the unbanked and SMEs.

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF
I SECURE CREDIT & CAPITAL SERVICE LIMITED
(Formerly Known as Orchid Securities Ltd.)**

I. Report on the Audit of the Standalone Financial Statements

1. Opinion

- A. We have audited the accompanying Standalone Financial Statements of **I SECURE CREDIT & CAPITAL SERVICE LIMITED (formerly known as Orchid Securities Ltd)** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").
- B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the Loss and changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

3. Emphasis of Matter

We draw attention to Note 30(D) to these Ind AS financial statements, which describes the economic and social disruption as a result of COVID-19 pandemic of the Company's business and financial metrics including the Company's estimates of impairment of loans to customers and assumptions used in testing the impairment of the carrying value of goodwill respectively, which are dependent on uncertain future developments. Our opinion is not modified in respect of this matter.

4. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

KEY AUDIT MATTER	HOW THE MATTER WAS ADDRESSED IN OUR AUDIT
<p>1. Issue of equity share warrants on preferential basis and this resulted in compliances with respective authorities. As per statement of Equity Change.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none">• Discussion and review with the compliance team of the management to generate confidence in compliances and transparency of the action undertaken.• Obtaining assurances and certifications for fulfilling of necessary procedures to comply with the change in business activity and model.• Verification of Bank Entries for timely receipts and compliances and regulatory fillings.
<p>2. Impairment of financial assets (expected credit losses) Ind AS 109 requires the Company to recognise impairment allowance towards its financial assets (Designated at amortised cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. Such ECL allowance is required to be measured considering the guiding principles of Ind AS 109 including:</p> <ul style="list-style-type: none">• unbiased, probability weighted outcome under various scenarios;• time value of money;	<ul style="list-style-type: none">• We read and assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind AS 109• We tested the criteria for staging of loans based on their past-due status to check compliance with requirement of Ind AS 109. Tested a sample of performing (stage 1) loans to assess whether any loss indicators were

<ul style="list-style-type: none"> • impact arising from forward looking macro- economic factors and; • Availability of reasonable and supportable information without undue costs. <p>Applying these principles involves significant estimation in various aspects, such as:</p> <ul style="list-style-type: none"> • grouping of borrowers based on homogeneity by using appropriate statistical techniques; • staging of loans and estimation of behavioural life; • determining macro-economic factors impacting credit quality of receivables; • estimation of losses for loan products with no/ minimal historical defaults. <p>In management's view and considering the guidance provided by the Institute of Chartered Accountants of India, providing moratorium to borrowers based on RBI directives, by itself is not considered to result in a SICR for such borrowers. The Company has recorded a management overlay of around ` 23.40 lakhs as part of its ECL, to reflect among other things an increased risk of deterioration in macro-economic factors caused by COVID-19 pandemic. Given the unique nature and scale of the economic impact of this pandemic, and its timing being close to the year-end, the management overlay is based on various uncertain variables, which could result in actual credit loss being different than that being estimated.</p> <p>In view of the high degree of management's judgement involved in estimation of ECL, accentuated by the COVID-19 pandemic, it is considered as a key audit matter.</p>	<p>present requiring them to be classified under stage 2 or 3 and vice versa.</p> <ul style="list-style-type: none"> • We evaluated the reasonableness of the management estimates by understanding the process of ECL estimation and tested the controls around data extraction and validation • Tested assumptions used by the management in determining the overlay for macro-economic factors (including COVID-19 pandemic). <p>Assessed disclosures included in the Ind AS financial statements in respect of expected credit losses.</p>

5. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- A. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon. Our opinion on the standalone

financial statements does not cover the other information and we do not express any form of assurance conclusion thereon

- B. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

6. Management's Responsibility for the Standalone Financial Statements

- A. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- B. In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

7. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Financial Statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - i) Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - ii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
 - i) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern
 - v) Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- C. Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in
 - i) planning the scope of our audit work and in evaluating the results of our work; and
 - ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.
- D. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- E. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- F. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- The Statement includes the results for the Quarter ended March 31, 2021 being the balancing figure between audited figures in respect of the full financial year and the year to date figures up to the third quarter of the current financial year which were subject to limited review by us.
- The comparative financial information of the Company for the quarter and year ended March 31, 2020 prepared in accordance with Ind AS included in this Statement have been audited by the predecessor auditor. The report of the predecessor auditor on this comparative financial information dated July 30, 2020 expressed an unmodified opinion.

Our report on the Statement is not modified in respect of these matters.

II. Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - A. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - B. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - C. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account
 - D. In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - E. On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - F. With respect to the adequacy of the internal financial controls with reference to Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to financial statements.
 - G. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.
 - H. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i) The Company has disclosed the impact of pending litigations on its financial position in its Ind As Financial Statements.
 - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE - A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **I SECURE CREDIT & CAPITAL SERVICE LIMITED**. (Formerly known as Orchid Securities Ltd) ("The Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effective as at March 31, 2021, based on internal control over financial reporting criteria established by the Company considering the essential components of Internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the opinion reported above in determining the nature, timing and extent of audit tests applied in our audit of the financial statements of the Company, and the above opinion does not affect our opinion on the financial statements of the company.

I SECURE CREDIT & CAPITAL SERVICES LIMITED

(Formerly known as Orchid Securities Limited)

Significant Accounting Policies and Notes to Financial Statements

1. CORPORATE INFORMATION

I Secure Credit & Capital Services Limited (Formerly known as Orchid Securities Limited) (the "Company") was incorporated on March 9, 1994 is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The shares of the Company are listed on The Calcutta Stock Exchange Limited and Metropolitan Stock Exchange of India Limited. The Company is registered under section 45-IA of The Reserve Bank of India Act, 1934 to commence/carry on the business of a Non-Banking Financial Institution. The registration details are as follows:

RBI	B.05.00111
Corporate Identity Number (CIN)	L18209WB1994PLC062173

The registered office of the Company and the principal place of business is 36A, Bentinck Street, Kolkata – 700069.

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant accounting standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The financial statements are prepared on a going concern basis, as the management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources. The outbreak of COVID-19 has not affected the going concern assumption of the Company.

2.2 Presentation of financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement of assets and liabilities of the Company as on balance sheet dates, within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current).

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally

enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business.
- The event of default.
- The event of insolvency of bankruptcy of the company/ or its counterparties.

2.3 Significant Accounting Policies

A) Financial Instruments

Financial assets and financial liabilities can be termed as financial instruments.

(I) Classification of financial instruments:

The Company classifies its financial assets into the following measurement categories:

1. Financial assets to be measured at amortised cost
2. Financial assets to be measured at fair value through other comprehensive income
3. Financial assets to be measured at fair value through profit or loss

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets.

The Company classifies its financial liabilities at amortised cost unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss (FVTPL) such as derivative liabilities. Financial liabilities, other than loan commitments and financial guarantees, are measured at FVTPL when they are derivative instruments or the fair value designation is applied.

(II) Assessment of business model and cash flow for financial assets:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

‘Principal’ for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(III) (a) Recognition of Financial Instruments:

Financial assets and financial liabilities are recognised when entity becomes a party to the contractual provisions of the instruments. Loans & advances and all other regular way purchases or sales of financial assets are recognised and derecognised on the trade date basis.

(b) Initial Measurement of Financial Instruments:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of Profit and Loss.

(c) Subsequent Measurement:

(1) Financial Assets

Financial Assets carried at Amortised Cost:

These financial assets comprise bank balances, loans, trade receivables, other receivables, investments and other financial assets.

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI):

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets

and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Profit or Loss (FVTPL):

Financial assets at fair value through profit or loss are those that are either held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met (such designation is determined on an instrument –by instrument basis):

The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or recognising gains or losses on them on a different basis.

Financial assets at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss.

Debt Securities and other borrowed funds:

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR. A compound financial instrument which contains both a liability and an equity component is separated at the issue date.

Undrawn loan commitments

Undrawn loan commitments are commitments under which, over the duration of the commitment, the Company is required to provide a loan with pre-specified terms to the customer. Undrawn loan commitments are in the scope of the ECL requirements.

Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line.

Effective Interest Rate (EIR) Method:

The EIR is a method of calculating the amortised cost of a debt instrument and of allocating interest income or expense over the relevant period. The EIR is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability on initial recognition.

The EIR for financial assets or financial liability is computed:

- a) By considering all the contractual terms of the financial instrument in estimating the cash flows
- b) Including fees and transaction costs that are integral part of EIR.

Impairment of Financial Assets:

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and FVTOCI at each reporting date based on evidence or information that is available without undue cost or effort.

The Company measures the loss allowance for a financial asset at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased

significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for that financial asset at an amount equal to 12-month expected credit losses.

No Expected credit losses are recognised on equity investments.

(a) Expected Credit Loss (ECL) principles

The Company records allowance for expected credit losses for all loans, debt financial assets not held at FVTPL, together with undrawn loan commitments, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under Ind AS 109. For the computation of ECL on the financial instruments, the Company categorises its financial instruments as mentioned below:

Stage 1: All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all advances up to 30 days overdue under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

Stage 2: All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Exposures are classified as Stage 2 when the amount is due for more than 30 days but do not exceed 90 days.

Stage 3: All exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. Exposures where the amount remains due for 90 days or more are considered as to be stage 3 assets.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company undertakes The classification of exposures within the aforesaid stages at borrower level.

(b) Calculation of ECL

The mechanics of the ECL calculations are outlined below and the key elements are as follows:

Exposure-At-Default (EAD): The Exposure at Default is the amount the Company is entitled to receive as on reporting date including repayments due for principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities.

Probability of Default (PD): The Probability of Default is an estimate of the likelihood of default of the exposure over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Loss Given Default (LGD): The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

The ECL allowance is applied on the financial instruments depending upon the classification of the financial instruments as per the credit risk involved. ECL allowance is computed on the below mentioned basis:

12-month ECL: 12-month ECL is the portion of Lifetime ECL that represents the ECL that results from default events on a financial instrument that are possible within the 12 months after the reporting date. 12-month ECL is applied on stage 1 assets.

Lifetime ECL: Lifetime ECL for credit losses expected to arise over the life of the asset in cases of credit impaired loans and in case of financial instruments where there has been significant increase in credit risk since origination. Lifetime ECL is the expected credit loss resulting from all possible default events over the expected life of a financial instrument. Lifetime ECL is applied on stage 2 and stage 3 assets.

The Company computes the ECL allowance either on individual basis or on collective basis, depending on the nature of the underlying portfolio of financial instruments. The Company has grouped its loan portfolio into corporate loans, SME loans and Commercial vehicle loans.

Derecognition of financial assets in following circumstances:

(a) Derecognition of financial assets due to substantial modification of terms and conditions:

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be credit-impaired at the origination date.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

(b) Derecognition of financial assets other than due to substantial modification financial assets:

A financial asset or a part of financial asset is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- The Company has transferred its contractual rights to receive cash flows from the financial asset; or
- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the Risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Off-setting of financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously backed by past practice.

(2) Financial Liabilities & Equity Instruments

Classification as debt or equity

Financial liabilities and equity instruments issued are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An Equity Instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial Liabilities

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 - "Financial Instruments".

Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method except for those designated in an effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of Profit and Loss. Any difference between the proceeds (net of transaction costs)

and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method.

Derecognition of financial Liabilities in following circumstances:

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

B) Fair Value Measurement

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures certain categories of financial instruments at fair value on each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- 1) In the principal market for the asset or liability, or
- 2) In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred, if any.

C) Property plant and equipment's

Recognition and measurement

Property, Plant and Equipment (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the year till such assets are ready to be put to use. Any trade discounts and rebates are deducted in arriving at the purchase price. Gains or losses arising from derecognition of such assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Subsequent expenditure

Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Company and that the cost of the item can be reliably measured. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repair and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation

Depreciation commences when the assets are ready for their intended use. It is recognised to write down the cost of assets less their residual values over their useful lives, using the straight-line method basis. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has adopted the useful life as specified in Schedule II to the Companies Act, 2013.

Depreciation on assets purchased / sold during the period is recognised on a pro-rata basis to the Statement of Profit and Loss till the date of sale.

Intangible assets

1) Recognition and Measurement

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition.

2) Amortisation

Intangible assets are amortised using the straight line method over a period of 10 years, which is the management's estimate of its useful life. The amortisation period and the amortisation method are reviewed at least as at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

D) Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of Profit and Loss.

E) Recognition of Income

Revenue generated from the business transactions (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration to be received or receivable by the Company. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

- Step 1 : Identify contract(s) with a customer
- Step 2 : Identify performance obligations in the contract
- Step 3 : Determine the transaction price
- Step 4 : Allocate the transaction price to the performance obligations in the contract
- Step 5 : Recognise revenue when (or as) the Company satisfies a performance obligation

(a) Recognition of interest income

Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR for the amortised cost asset is calculated by taking into account any discount

Or premium on acquisition, origination fees and transaction costs that are an integral part of the EIR.

If expectations regarding the cash flows on the financial asset are revised for reasons Other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company recognised the interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial status of the financial asset improves and it no longer remains to be a credit-impaired, the Company revises the application of interest income on such financial asset to calculating interest income on a gross basis.

Interest income on all trading assets and financial assets mandatorily required to be measured at FVTPL is recognised as interest income in the statement of profit or loss.

(b) Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

(c) Syndication, advisory & other fees

Syndication, advisory & other fees are recognized as income when the performance obligation as per the contract with customer is fulfilled and when the right to receive the payment against the services has been established.

(d) Origination fees

Origination fees, which the Company has received/recovered at time of granting of a loan, is considered as a component for computation of the effective rate of interest (EIR) for the purpose of computing interest income.

(e) Net gain/(loss) on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain or loss as a gain or expense respectively.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

F) Recoveries of Financial assets written off

The company recognizes income on recoveries of financial assets written off on realization or when the right to receive the same without any uncertainties of recovery is established.

G) Finance Costs

The Company recognises interest expense on the borrowings as per EIR methodology which is calculated by considering any ancillary costs incurred and any premium payable on its maturity.

Interest expense includes origination costs that are initially recognised as part of the carrying value of the financial liability and amortized over the expected life using the EIR. It also include expenses related to borrowing which are not part of effective interest as not directly related to loan origination.

H) Retirement and other employee benefits

(a) Defined Contribution Plans:

Contribution as per the Employees Provident Funds and Miscellaneous Provisions Act, 1952 towards Provident Fund and Pension Fund is not applicable to the company. Hence no provision made for this and other employee benefits.

(b) Defined Benefit Plans:

Gratuity in respect of all the employees are accounted for on cash basis.

(c) Short-term and other long-term employee benefits:

A liability is recognised for benefits accruing to employees in respect of salaries in the period in which related service is rendered.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

I) Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

In case of litigations, provision is recognised once it has been established that the Company has a present obligation based on information available up to the date on which the Company's financial statements are finalised and may in some cases entail seeking expert advice in making the determination on whether there is a present obligation.

Contingent Liabilities

Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. Company does not recognise contingent liability but discloses its existence in the financial statements.

Contingent Assets

Contingent assets are not recognised in the financial statements, but are disclosed where an inflow of economic benefits is probable.

J) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

K) Cash and cash equivalents

Cash and cash equivalents comprise of cash on hand, balances with banks, cheques on hand, remittances in transit and short-term investments with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

L) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker (CODM). The CODM assess the financial performance and position of the Company and makes strategic decisions.

The Company is predominantly engaged in a single reportable segment of 'Investment and Credit Company (ICC) as per Ind AS 108 - Segment Reporting.

M) Earnings per Share ('EPS')

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.4 Significant accounting judgements, estimates and assumption

The preparation of financial statements in conformity with Ind AS requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates include useful lives of property, plant and equipment & intangible assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, fair value measurement etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

- **Preliminary Expenses**

Preliminary Expenses is written off in accordance with Section 35D of the Income Tax Act, 1961.

28. Capital Management & Disclosure

The Company maintains adequate capital to cover risks inherent in the business and is meeting the capital adequacy requirements of regulator, Reserve Bank of India ('RBI'). The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

29. Financial Instruments and Fair Values

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet items that contain financial instruments. The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised in respect of each class of Financial Asset, Financial Liability and Equity Instrument are disclosed in Note to the financial statements.

(a) Accounting Classification and Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

The management has assessed that the carrying amounts of cash and cash equivalents, loans carried at amortised cost, other financial assets, trade payables, borrowings, bank/book overdrafts and other current liabilities are a reasonable approximation to their fair value.

(₹ in lakhs)

Particulars	As at 31st March, 2021		As at 31st March, 2020	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Financial Assets				
(i) Measured at Amortised Cost

Other Financial Liabilities	1.37	1.37	5.03	5.03
Total Financial Liabilities	208.00	208.00	11.03	11.03

Note: Carrying values of Financial Assets and Financial Liabilities measured at Amortised Cost are a reasonable approximation of their fair values.

(b) Fair Value Hierarchy

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Quoted prices in an active market (Level 1): Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Valuation techniques with observable inputs (Level 2): Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices). It includes fair value of the financial instruments that are not traded in an active market and are determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the company specific estimated. If all significant inputs required to fair value an instrument are observable, then the instrument is included in level 2.

Valuation techniques with significant unobservable inputs (Level 3): If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

30. Risk Management

Whilst risk is inherent in the Company's activities, it is managed through an integrated risk management framework including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is mainly exposed to market risk, Operational Risk, liquidity risk and credit risk. It is also subject to various operating and business risks. The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles.

(a) Market Risk

The Company is exposed to equity price risk arising from its equity instruments held as stock in trade. Equity price risk is related to the change in market reference price of the investment in equity securities. The Company considers factors such as track record, market reputation, fundamental and technical

Market Risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates and other asset prices. The Company's exposure to market risk is a function of asset liability management and interest rate sensitivity assessment. The company is exposed to interest rate risk and liquidity risk, if the same is not managed properly. The company continuously monitors these risks and manages them through appropriate risk limits.

(b) Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or from external events. The operational risks of the Company are managed through comprehensive internal control systems and procedures. Failure of managing operational risk might lead to legal / regulatory implications due to non-compliance and lead to financial loss due to control failures. While it is not practical to eliminate all the operational risk, the Company has put in place adequate control framework by way of segregation of duties, well defined process, staff training, maker and checker process, authorisation and clear reporting structure. The effectiveness of control framework is assessed by internal audit on a periodic basis.

(c) Liquidity Risk

Liquidity is the Company's capacity to fund increase in assets and meet both the expected and unexpected obligations without incurring unacceptable losses. Liquidity risk is the inability to meet such obligations as they become due without adversely affecting the company's financial conditions. The Asset Liability Management Policy of the Company stipulates a broad framework for Liquidity risk management to ensure that the Company can meet its liquidity obligations.

The Company maintains a portfolio of highly marketable and diverse assets that are assumed to be easily liquidated in the event of an unforeseen interruption in cash flow. The liquidity position of the company is assessed under a variety of scenarios giving due consideration to stress factors relating to both the market in general and risk specifics to the Company. Basis the liquidity position assessed under various stress scenarios; the Company reviews the following to effectively handle any liquidity crisis:

* Adequacy of contingency funding plan in terms of depth of various funding sources, time to activate, cost of borrowing, etc

* Availability of unencumbered eligible assets.

(d) Credit Risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company has established a credit quality review process to provide early identification of possible changes in the creditworthiness of counterparties. The credit quality review process aims to allow the Company to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

Write off policy

Financial assets are written off either partially or in their entirety only when the Company has stopped pursuing the recovery. Any subsequent recoveries are credited to impairment on financial instrument in statement of profit and loss.
